Fair profile	<p>The entry into force of the Kyoto Protocol and the start of the European Emissions trading scheme in 2005 will mark the creation of a global carbon market. The fourth international trade fair and conference for the emerging CO₂ market will take place in Cologne. CARBON EXPO is co-organised by the International Emissions Trading Association (IETA), the World Bank and Koelnmesse. This cooperation will ensure that key exhibitors, speakers and visitors from all over the world will participate and contribute to another successful event.</p> <p>CARBON EXPO will be the ideal place for you to meet companies, service providers and government representatives that are involved in this market.</p>
